

We hooked one!

I'm all liquid, sorry.

Would there be laws here?

'Cause I didn't
do my job...

Sometimes he gets a little angry...

You wake up at 10:30 and
you're a senator!

Get him out
of here!

That's no business
of yours.

I got the blood right here!

He put me on hold.

It doesn't matter if you're a
mime 'cause you're dead

What are we betting on?

You can make a
weird bird feeder

Oh fuck—it's
my gold bar!

I'm sending you a photo.

How long's it been since you
last gambled?

Trying to kill the squirrels that
murdered my wife...

I guess you can gamble
on pinball!

This feels like a broader
problem...

So at the end of the day,
you are just pretending

It's like a Sprite can

It's not going good, man

No Sea-Doos,
goddammit...
